

Brauvin Net Investments, Inc.

October 11th, 2012 – Chicago, IL

BRAUVIN NET INVESTMENTS, INC. has announced its formation as a real estate investment trust specializing in the acquisition, ownership and management of triple net leased assets throughout the country. Brauvin Net Investments, Inc. is the 17th investment entity created by the Brauvin organization and it continues the net lease investment philosophy the principals of the company have developed over the past twenty-five years. The company will invest in free-standing properties leased on a “triple net” basis to retail, convenience store, childcare, restaurant and medical office concepts. Individual asset acquisitions will range in size from \$750,000 to \$7.5 million. Portfolio acquisitions will include multiple properties with aggregate value of up to \$50 million. The company seeks total first year acquisitions of up to \$100 million.

“Brauvin Net Investments, Inc. is a continuation of the net lease investment strategy that our management team has successfully employed over the last twenty-five years. We focus on long term, stabilized assets as well as shorter term, value added opportunities. Brauvin Net Investments, Inc. will maintain this focus and we are aggressively seeking acquisition opportunities in the sector,” said James L. Brault, President and CEO.
